To Whom It May Concern:

Re: 72-74 Donnison St, Gosford NSW 2250

This is to certify that the development site has been Feng Shui assessed by Chinese Feng Shui expert Mina R Zheng from Feng Shui Australia.

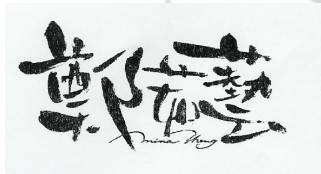

The site has good natural surroundings. The setting demonstrates many positive aspects for the residents who will live there.

The North direction has good energy, it enhances wisdom, knowledge and academic achievement for the residents. The South aspect has the harbor. The water energy is beneficial for the residents to develop their potential, gaining success, good reputation and wealth through their creative and intelligent input.

The Qi flow of the site is mainly positive. The developer has used feng shui elements for the site to create a harmonious living environment.

Yours sincerely,

Mina R Zheng
